Construction UPDATE

This week's work moved at a more rapid pace, completing the final punch list for phase 1 of the project. The upstairs is, for the most part, complete and somewhat less complete downstairs. The gymnasium floor is going down and is a project by itself. Some of the inspections have begun with many more to complete. They are working as weather permits on the exterior building and landscaped areas. There are still little loose ends to complete, and your prayers are appreciated for continued safety and coordination.

"I will support the church with my presence and gifts."
